February/March 2024

House Team News

The house teams have worked hard this year. The Bobcats are in the lead. The Eagles are close behind the Bobcats. The Cougars are behind the Eagles but not by much. Finally, the Bees are last. The points are:

Bobcats with 2482
Eagles with 2450
Cougars with 2299
Bees with 2162

Don't forget to check on the shaffer website for the most up to date points!

Shaffer Sports

Shaffer sports have been going great this year! With Volleyball tryouts done, practices will be starting soon. Boys basketball had an extraordinary season.

Go, Indians!

Volleyball is well underway! We can't wait to see how the girls do this year! See Ms. Pam or Ms. Amy for more information.

Student council is hosting a March Madness with an awesome twist. Students will receive more information soon!

Staff Spotlight

Mr. Bailey

This month's Shaffer spotlight is Mr. Bailey! Mr Bailey has been teaching for 38 years; 29 years being at Shaffer. His favorite things about teaching are teaching math and science. He also loves seeing kids get excited about getting an education. His plans after retirement include traveling in the western United states. He also is going to work seasonally at the US Forest Service. His favorite sports to coach and teach are track and field and basketball. Mr. Bailey went to college at Cal Poly Humbolt for his B.S in wildlife biology. His minors were Natural Resource Management, and Native American Studies. His favorite stories to tell are "The Love Story" and "The Hat Story." He has 3 children and they all work in the medical field. He wants kids to remember Shaffer as a happy place where you could get a great education. Mr Bailey is certainly an interesting guy!
